105	2016-2017	Dr V Ahmed	Case Study "Can Digital Health care Improve India's Healthcare Indicators, Expert view Published

			<p>Vasif Ahmed, M.E. PhD Electronics Engineering</p> <p>What role does digital health and mobile technology play in healthcare?</p> <p>Digital health and mobile technology can play a significant role in healthcare and its immense potential is grossly under-utilised. I remember receiving an e-mail from the Bill and Melinda Gates Foundation in 2007-08 related to Grand Challenges Round 3 where the foundation decided to include one additional area for research grants allocation - mobile technology applications in healthcare. Remote healthcare technologies encompassing health call centres, telemedicine, patient monitoring, awareness raising, decision support systems, etc. have made significant inroads in various countries according to 2009 survey conducted by WHO relating ICT usage in healthcare but are under-utilised in India.</p> <p>Health costs are the single largest contributors to non-productive rural debt.</p>

 Subject: Are you willing to review IJST-D-17-00220?

Dear Mr. Ananthan,

As per my email, you have been invited to review the following manuscript submitted to International Journal of Smart Technology.

Manuscript Number: IJST-D-17-00220

Title: Comparison of Smart-Driven Management of Vehicles and Trains using (VMS, CDM) and ADR Classification

Unfortunately, we have not yet received your reply. Would you please do us a favor and let us know your decision on this post and able to review this manuscript?

To accept the invitation, please click on the link

IAENG INTERNATIONAL ASSOCIATION

Date: 25 June 2018

To Whom It May Concern:

Official Letter for the IAENG Membership

Member Name: Dr. Sobel Blura

Member Number: 215649

IAENG is a non-profit international association for the engineers and the scientists. IAENG has been found by a group of engineers and computer from over thirty different countries. Our goals are to promote the co-operation between the professionals in various fields of the engineering and to create an environment for the advance and development of the technology. Our goals include:

- Promoting the interactions between the engineers;
- Advancing the application of engineering techniques from the academia to the industry;
- Facilitating the exchange of information and ideas among the engineers and scientists freely.

This letter is to certify that the above person is an IAENG member. For more information about IAENG Membership, please visit our website <http://www.iaeng.org/membership.html>

If you have any question, you are very welcome to contact us at any time.

Best regards,

Jean Mok
